The 2015 IEEE Information Theory Workshop will take place from April 26th until May 1st in Jerusalem, Israel, at the Mishkenot Sha'ananim Conference Center. Jerusalem is one of the oldest cities in the world, a place where ancient history intertwines with the twenty-first century. Located in the Judean Mountains, between the Mediterranean and the Dead Sea, it offers a unique experience for the visitor with relics dating back as far as around 1000 BC, finest museums and breathtaking scenery.

Built over 150 years ago, Mishkenot Sha'ananim became the first Jewish residential area outside the Old City walls. Nowadays it is an alluring place with a conference center that serves as a center of academic inquiry and cultural value, a critical piece of Jerusalem's landscape that reframes the city as a vibrant, dynamic, cultural center of local, national and international appeal.
